Integrating Technology for HSE Instruction & Job Readiness

Nell Eckersley
January 31, 2018

Materials for today: http://bit.ly/IntegrateTech13118
My Email Address: NellE@lacnyc.org

Agenda
- What is Technology
- What Technology Skills do students need for HSE & Job Readiness
- Using Google Docs for writing, reading, and typing practice
- Using Padlet for collaboration
- Creating Playlists on YouTube

Technology Skills
1. Judging the quality of information
2. Writing effectively
3. Behaving responsibly online
4. Understanding privacy issues surrounding digital and online content
5. Communicating ideas in creative, engaging, or interesting ways
6. Finding information quickly
7. Presenting themselves effectively in online social networking sites
8. Working with audio, video, and graphic content

http://www.pewinternet.org/2013/07/16/part-ii-how-much-and-what-do-todays-middle-and-high-school-students-write/

1. Digital Literacy Assessment

Go to **one** of these links and take the assessment

Internet and Computer Skills Survey http://bit.ly/ComputerSkillsDR	
Mobile Phone Skills Survey http://bit.ly/mobilephoneskillsDR	

Questions:

1. Did anything surprise you in the assessment?
2. Could you use this assessment with your clients?
3. What changes would you make to the assessment?

2. Skills and Activities Practice

1. Go to our Google Folder http://bit.ly/IntegrateTech13118
2. Open the folder that is called **Skills and Activities Practice**
3. Open the **"Following Directions Activity"**
4. **Save a copy** to your own Google Drive so you can edit the activity
5. Do the Activity.
6. What tech skills did you need to use?
7. How could you change the content of the activity to make it more relevant to your clients?

3. What Tech Skills Do Your Clients Need?

1. Go to this link https://padlet.com/Nell/TechSkills13118
2. Tap on the pink plus or click/tap on an empty part of the screen to create a space for you to type
3. In the Title line type your name
4. Where it says "Write something…" type three technology skills you think are most important for your clients to have.

4. Developing Objectives

1. Go to http://bit.ly/objectives13118
2. Select a video to watch
3. Why did you choose that video?
4. What are some examples of learning objectives?
5. Write a learning objective for a technology skill activity you would like to try with a client
